### Allegation 3 = During the Sochi Games.
- In charge of transferring clean urine samples from Urine Bank in Command Centre (had special access) to Operations Room to be defrosted prior to the swap occurring;
- Would remove caps from B sample bottles;
- Obtaining of accreditation under a false pretense as a maintenance engineer of Bilfinger.

*As the Laboratory learned the names of the athletes who provided samples throughout the day, so too did FSB Agent Blokhin. He would go to the Command Center, obtain the athlete’s corresponding clean urine and set it in the operations room to be defrosted.*

IPR1, pp. 14, 58, 64, 70  
IPR2, pp. 99, 101, 102

Access to picture of Blokhin, seen by which IP witnesses (IPR ’1, p58)?  
With his accreditation as Bilfinger employee, we presume he had access to the Command Centre or was it using another accreditation?

### Allegation 4: why regular meetings between Blokhin and Rodchenko could be a wrongdoing, as we know that Rodchenko was also part of the FSB?

How to prove and answer the question?

### Allegation 5:
- On 12 December 2014, was he part of the ‘Magicians’ FSB team who removed the caps from the dirty samples listed by Rodchenko?  
- Arranged for other FSB agents to enter the Laboratory on 12 December 2014.

*On 12 December 2014 the “magicians” (the FSB team) visited the Laboratory to remove the sample bottle caps off the dirty samples’*  

IPR1, pp. 43, IPR2, p. 120

How to prove and answer the questions, was he part of the 'magicians' FSB team?

### CHIZHOV, Yuri Dr.

Rodchenkov’s second in command

**Allegations:**
- Before Sochi: travelling with Blokhin to Sochi to arrange drilling of the mouse hole.  
- During Sochi Games: received dirty samples passed by Kudryatsev through the mouse hole (with Rodchenko and Blokin). Possibly swapped the urine?

IPR1, p. 64  

How to demonstrate:
- travelling to Sochi to arrange the - drilling of the mouse hole (IPR1, p. 64)  
- Swapping urine.  
- picture of Blokhin with other individuals (IPR ’1, p58): Is Chizov one of the individuals?

Allegation 1: Participated in the implementation of the general and Sochi conspiracies (both reports) including as an FSB agent in furtherance of the FSB assistance to the laboratories.

IPR2, p. 39 ‘Knew that a number of the samples stored in the laboratory were dirty but had been reported negative in ADAMS’

p.63 ‘played an important role…culminating in the Sochi Laboratory operation’.

IPR1, pp. 49, 54, 57, 63
IPR2, pp. 39, 63, 64

We can assume that his declaration was truthful and is corroborated by emails (EDP0078-0882 +EDP1155) = No doubt regarding his participation in the conspiracy

EDP0078-0882
21.05.2013-09.07.2015
proves exchange of emails between Rodchenko and Velikodniy and and a 3rd person (unknown) hence participation in the system (need to further assess/translate, missing)

We can assume that his declaration was truthful and is corroborated by emails (EDP0078-0882), however, some clarifications are required.

Why was he discharged of the case by Russian Investigative Committee in 2011 (IPR2, p. 63)?

What does it mean ‘Secondary function as FSB agent?’ (IPR2, p. 64)

Name of person blacked out in Rodchenko emails: EDP0078-0882 +1155?

What evidence is there of his sickness (p.49) and reappointment by Mutko (p. 50)

Allegation 2: creation of advanced doping cocktails including the ‘Duchess cocktail’

IPR2, p. 50 ‘shorter detection window than what other laboratories, and the London Laboratory in particular’

IPR 1, p. 49, 50, 51, 62, 82
IPR2, pp. 50, 63, 64,

Rodchenko Declaration EDP055 (doesn’t mention name of who created the list)
